Isolated systolic hypertension in the elderly: results of a statewide survey of clinical practice in New Jersey, 370

Resolution of systemic hypertension in Alzheimer's disease (BCO), 734

Transient hypertension after two phenylpropanolamine diet aids and the effects of caffeine: a placebo-controlled follow-up study, 427

Treatment of hypertension in the elderly with a new calcium channel blocking drug, nitrendipine, 49

Boerhaave syndrome

Boerhaave revisited: spontaneous esophageal perforation as a diagnostic masquerader, 559

Bone disease

Ethanol reduces bone formation and may cause osteoporosis, 282
Hypertrophic osteoarthropathy after liver transplantation (BCO), 501
Primary amyloidosis with unusual bone involvement: reversibility with melphalan, prednisone, and colchicine, 347

Borrelia

Late cutaneous Lyme disease: acrodermatitis chronica atrophicans, 828

Breast cancer

Sweet's syndrome and myelodysplastic syndrome in a patient with metastatic breast carcinoma (BCO), 138

Bronchodilators

Induction of theophylline toxicity and inhibition of clearance rates by ranitidine (LE), 513
Lack of evidence for reduction of theophylline clearance by ranitidine (LE), 629
Maxiteline-theophylline interaction (BCO), 733
Prior treatment with diuretic augments the hypokalemic and electrocardiographic effects of inhaled albuterol, 653
Theophylline toxicity subsequent to ranitidine administration: a possible drug-drug interaction, 129

Brucella

Brucellosis and sinus histiocytosis with massive lymphadenopathy, 111

Bulla

Pulmonary hemorrhage associated with bullous pemphigoid of the lung, 127
Pulmonary hemorrhage associated with bullous pemphigoid of the lung (LE), 636

C3a

Elevated plasma levels of the anaphylatoxins C3a and C4a are associated with a fatal outcome in sepsis, 20

C4a

Elevated plasma levels of the anaphylatoxins C3a and C4a are associated with a fatal outcome in sepsis, 20

Caffeine

Transient hypertension after two phenylpropanolamine diet aids and the effects of caffeine: a placebo-controlled follow-up study, 427

Calcium

Hypercalcemia, primary hyperparathyroidism, and cardiac calcifications (LE), 364
Normal left ventricular performance documented by Doppler echocardiography in patients with long-standing hypocalcemia, 413

Calcium channel blockers

Treatment of hypertension in the elderly with a new calcium channel blocking drug, nitrendipine, 49

Candida

Fungal peritonitis complicating continuous ambulatory peritoneal dialysis: successful treatment with fluconazole, a new orally active antifungal agent, 825
Pseudomonal and candidal peritonitis as a complication of continuous ambulatory peritoneal dialysis in human immunodeficiency virus-infected patients, 787
Yeast connection among 100 patients with chronic fatigue, 165
